2007 CLASSIC CHEST

THIS IS OUR BEST SELLER

The Style 2007 Classic Chest has its roots deeply intertwined in Gerstner History. The Style 41 Series of 7-Drawer Chests, which were made from the 1920's to the 1980's, were the inspiration for the Style 2007 Classic Chest. The 7-drawer layout has been modified, with taller and deeper drawer, for use with today's tools and hobbies. The Style 2007 (originally called the Style 41D) was designed in 1998 by Jack Campbell and had a new and fresh look to our 7-Drawer chests and instantly became the best-selling chest in the Gerstner product line.

Originally designed for Machinists & Tool & Die Makers, the Style 2007 has grown in popularity and usage in numerous industries and setting. Coins, jewelry, fly tying as well as guns/knives, sewing and wood turning are just a few of the areas that you would find this Classic Chest well suited for.
