# 2613 PRO-SERIES CHEST

THIS IS THE LARGEST OF THE GROUP

This hardwood chest exudes fine craftsmanship and attention to details. Tongue and groove construction gives it strength, durability and visual appeal. It's also the first to include the Stop-Trac™ drawer stop system, which keeps the drawers from spilling. The top compartment and all 13 drawers are felt lined to provide extra protection for your possessions. The lockable front panel covers the front drawers for total security—and, thanks to a sliding hinge, the front panel may easily be stowed beneath the bottom drawer.
