

Premium hardwoods and veneers provides moisture free storage

WOOD CHOICE AVAILABILITY

B2705 PRO-SERIES BASE

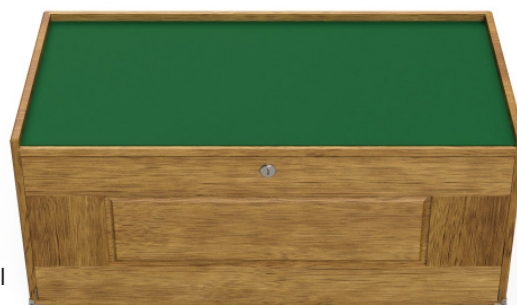

FITS UNDER THE PRO-SERIES CHEST

Designed to fit under most 26 chests, including the current 2613 and 2610, the Pro-Series Base adds 50 percent more lockable storage—and it matches the Pro-Series Chests beautifully. Crafted from quality hardwood with felt lining to protect from moisture, it's ideal for storing tools and collectibles.

As a standalone unit, this base is quite versatile. Place on a roller unit and put a laptop on top to create a mobile workspace for your workshop. Collectors like it for displaying collectibles on the flat top and placing the rest of the collection and tools inside the drawers. In the office, it's ideal for placing printers, scanners or reference books on the top, and storing office supplies and papers in the drawer. The possibilities are endless.

FEATURES

- Five hand-fit drawers for smooth operations
- Moisture-wicking, felt-lined interior
- Lockable with Shaker-style front panel
- Pairs well with the Pro-Series 2613 and R3007 for additional storage
- Available in white oak, black walnut and cherry
- OEM/Customization options available

Shaker-style flat front panel
